Suggestions and comments

1 response

It was pretty hard to follow the instructor's practical labs and do it at the same time on my side. What I've done at the end of the training: I followed the instructor's explanations and did the lab by myself the following day.

How useful were the practical demos?

Was enough time dedicated to practical demos?

3 responses

Comments and suggestions

2 responses

good transition between demos and slides.

I would have appreciated having more time to practice, to have more time to think about solutions.

How well was the course organized (program, registration, schedule...)?
