What part(s) of the course did you like most?

3 responses

Buildroot Internal details and some historical stuffs

The more in-depth topics and the seeing the lecture items being put in to practice in the demonstrations.

Building Linux for bb and packages for buildroot

What part(s) of the course did you like least?

2 responses

Not really any parts but as I have to choose: Application development

The high level stuff at the beginning. I realize it's hard to meet everyone's needs at different levels.
