Bootlin training course evaluation
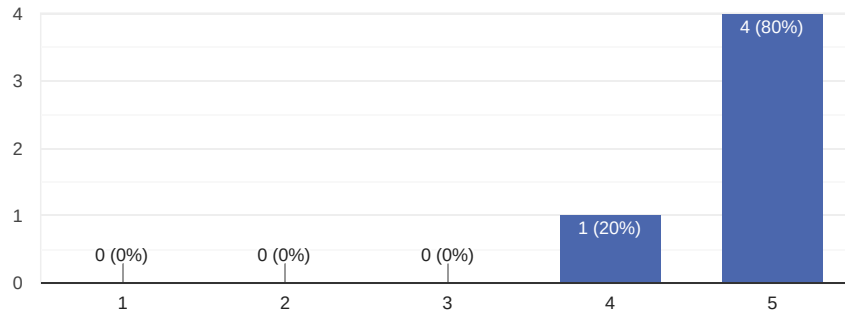

5 responses

How did the course meet your learning objectives?
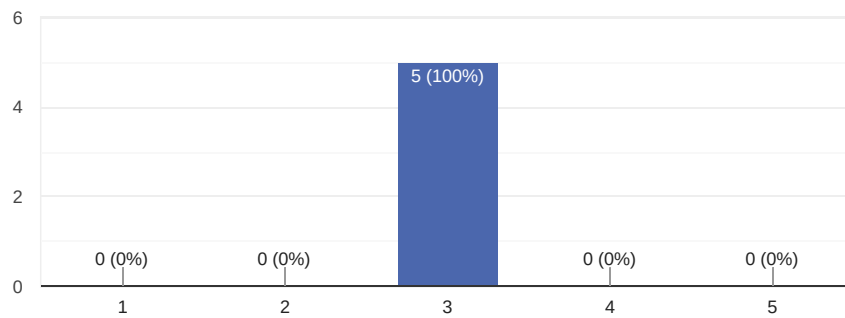

5 responses

Comments and suggestions

1 response

satisfactory, given it was an introduction to embedded linux, very informative.

How was the duration of the course?
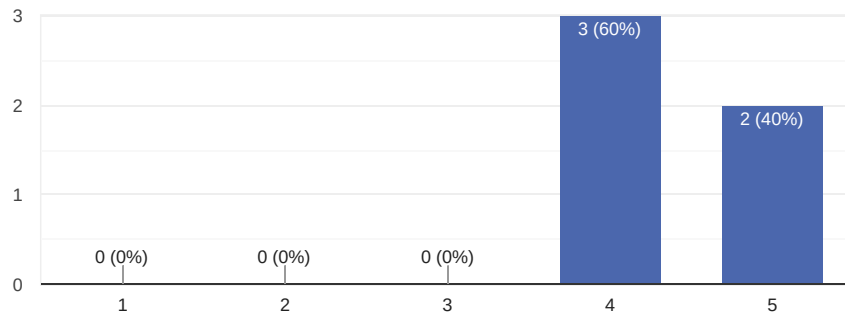

5 responses

Comments and suggestions

1 response

the duration of each session was OK and the 2 hr break sufficient.

How useful were the training materials?
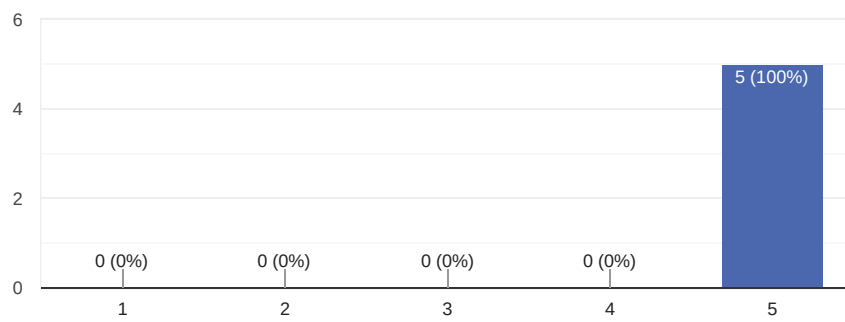

5 responses

Comments and suggestions

How knowledgeable was the instructor?

5 responses

Comments and suggestions

1 response

very knowledgeable. Would recommend him any day.

How much value did the instructor add to lecture materials?
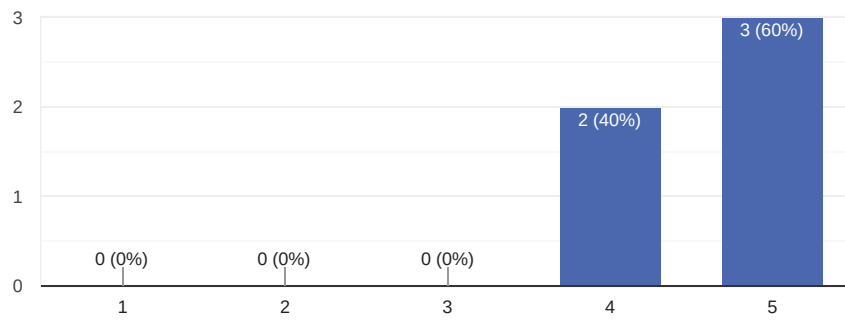

5 responses

Suggestions and comments

1 response

very articulate.

How useful were the practical demos?
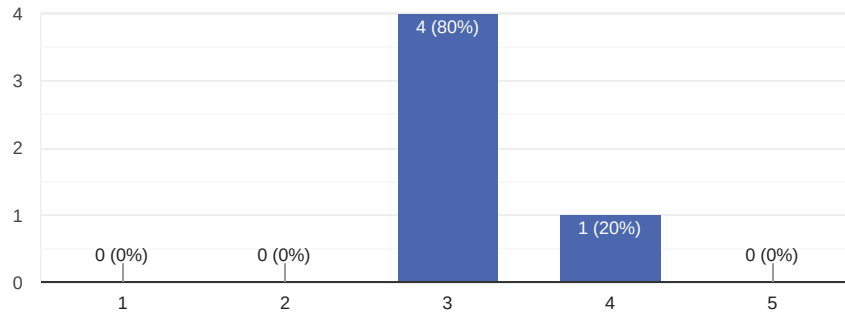

5 responses

Comments and suggestions

1 response

helped debunk many things I considered to be tough to grasp.

Was enough time dedicated to practical demos?

5 responses

	1	2	3	4	5
Count	0 (0%)	0 (0%)	4 (80%)	1 (20%)	0 (0%)

Comments and suggestions

3 responses

it was good, to do the labs besides the training, otherwise there wouldn't have been that much time for content

slightly more time would have helped.

practical demos ok, but too less time between the sessions to do the labs

How well was the course organized (program, registration, schedule...)?

5 responses

	1	2	3	4	5
Count	0 (0%)	0 (0%)	0 (0%)	2 (40%)	3 (60%)

How much did you learn?

5 responses

(Bar chart)
- 1: 0 (0%)
- 2: 0 (0%)
- 3: 0 (0%)
- 4: 4 (80%)
- 5: 1 (20%)

Comments and suggestions

1 response

The extra bits on bootloader and slight insight on the inner workings of the kernel and its coexistence with other system tools like the bootloader and how info is exchanged.

How useful should this course be in your daily job?

5 responses

(Bar chart)
- 1: 0 (0%)
- 2: 0 (0%)
- 3: 0 (0%)
- 4: 1 (20%)
- 5: 4 (80%)

Comments and suggestions

1 response

very much what I do at work most of the time.

What part(s) of the course did you like most?

2 responses

booting process, rootfs,

filesystems, block devices, boot sequences and boot configuration.

What part(s) of the course did you like least?

1 response

mtd filesystems

Overall rating

- 5: 0 (0%)
- 6: 0 (0%)
- 7: 0 (0%)
- 8: 0 (0%)
- 9: 3 (60%)
- 10: 2 (40%)

Comments and suggestions

1 response

very informative.

Further training needs?

5 responses

(Bar chart of further training needs from 1 to 5)
- 1: 0 (0%)
- 2: 0 (0%)
- 3: 1 (20%)
- 4: 0 (0%)
- 5: 4 (80%)
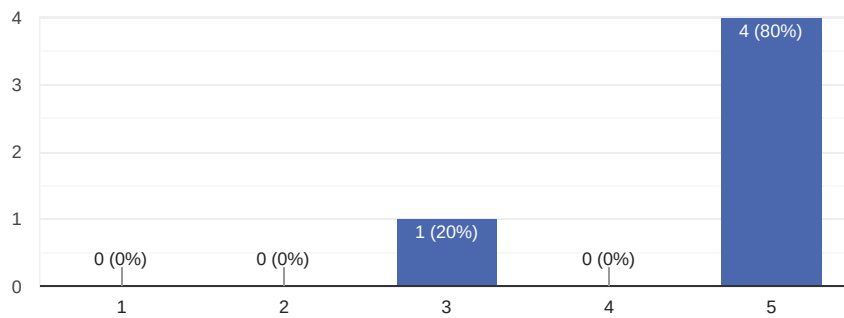

Comments

1 response

custom rootfs types and flavors and how to build them using wide range of different set of tools available out there. Most notably OE and the Yocto projects. Further training of device drivers and linux kernel are more welcomed.

## What reasons prompted you to choose Bootlin?

5 responses

Option	Count
Availability of online sess…	0 (0%)
Trainer	1 (20%)
Open training materials t…	1 (20%)
