What part(s) of the course did you like most?

2 responses

All parts were useful

The labs are certainly the best part of the course.

## What part(s) of the course did you like least?

1 response

I took the quiz however I wasn't able to view the answers for the questions that I got wrong.

What reasons prompted you to choose a Bootlin course?   Copy

The course is excellent and very comprehensive. I will suggest this course to all of my coworkers.

Further training needs?

1 response

It would be very interesting to have a u-boot hacking course. There are topics related to the u-boot device model that are still foreign to me and I'm not aware of anyone that provides a u-boot source code deep dive. Everyone always shows the environment variables and stops there even though u-boot has so much more to offer.
